International shipping and logistics company relocates to Wilmington

Point2Point Global now occupies 4,800 SF on Concord Street

WILMINGTON, Mass. (February 9, 2022) – Point2Point Global has just relocated its Tewksbury and North Reading locations to 50-R Concord Street in Wilmington, a Cummings Properties-managed building. The 4,800-square-foot suite serves as both office and warehouse space for the international shipping and logistics company.

Launched in 2018, Point2Point Global provides customized shipping and technology solutions for publishers, agencies, and e-commerce retailers, and delivers to more than 200 countries.

Gary Harnum, managing partner and co-founder of Point2Point Global, also founded and was CFO of i-parcel, LLC and International Mailing Solutions, LLC. In 2014, both companies were sold—i-parcel to UPS and International Mailing Solutions to a private party.

“The location of the building right off Route 93 was key for us, as well as the direct access to a loading dock,” said Harnum. “Being able to combine both our warehouse and office space into one location was also a big benefit. Cummings made it very easy for us.”

Cummings Properties leasing director Mike Truesdale worked with Harnum on the relocation.

“Our full-service lease was very attractive to Point2Point Global,” said Truesdale. “It allows our clients to focus on their business while we manage building insurance, snow removal, maintenance, and more.”

Cummings Properties’ 11 million square feet of commercial real estate accommodates [labs](#) and clean rooms, [offices](#), [healthcare facilities](#), restaurants, [retail storefronts](#), [warehouses](#), [satellite offices](#), [executive suites](#), and more. With a portfolio of this size and variety, the firm can meet almost any [commercial real estate](#) need from 150 square feet to 300,000 square feet. Its in-house experts in design, construction, and property management offer “one-stop shopping” for the business community. More information is available at www.cummings.com.
